- MECHANICAL ASSEMBLY
- PRESS & SNAP FIT

INSERT LISTING

The following pages contain listings of our standard inserts. These are trays of various cavity types and sizes that will fit into a Pelco Tote Box of corresponding size, of course any insert will serve as a stand alone tray or container with the addition of a lid. Here are three insert sizes designated NS5, NS6, and NS11 which fit containers shown below:

FOR:	USE	BOX:	A	B	W	L	D	H
NS5		1350	8	12	6 1/2	10 1/2	1-5	1-4
		TB5	8	12	6 1/2	10 1/2	1-5	FLAT
NS6		1360	12	16	10 1/2	14 1/2	1-6	1-5
		TB6	12	16	10 1/2	14 1/2	1-6	FLAT
NS11		1311	11	11	10	10	1-6	1-4
		TB11	11	11	10	10	1-6	FLAT

Inserts can be trimmed to fit either in the base of a container or on its flange as shown here. Trays are trimmed to "A" size unless "B" is specified. eg. NS6-1010-B

Lid Options:

- DROP ON – without hardware
- LATCHED – removable lid with 2 or 4 swing latches
- HINGED – lid attached with hinge and secured with 2 swing latches
